

## SENATE BEGINS FIGHT AGAINST TARIFF BILL

Republicans Attempt to Have Public Hearings On Measure

## WOULD REFER MEASURE

Senator Penrose Sought to Refer Bill to Finance Committee for Public Hearings

## SENATE RESTS 'TILL TUESDAY

### FRIDAY IN CONGRESS.

#### Senate

In session at 2 p. m.  
LaFollette bill for 8-hour day for women workers in District of Columbia ordered favorably reported.  
Territories committee continued its hearing on Alaskan problems.  
Tariff bill received from house and referred to finance committee for consideration.  
Senator Cornman introduced bill to return \$86,000 paid for ransom of Miss Ellen M. Stone in 1901.  
Adjourned at 5:55 p. m. until 2 p. m. Tuesday.  
**House.**  
Met at 11 a. m.  
Began five-hour debate on report and resolution in Glover-Sims controversy.  
Filibuster prevented adoption of rule for creation of additional judges for eastern Pennsylvania.  
Adjourned at 8:55 p. m., until 12 o'clock noon tomorrow.

WASHINGTON, MAY 9.—Republicans of the senate leaped eagerly into their fight against the Underwood tariff bill when it was brought over from the house to day, and precipitated an issue by attempting to override the decision of the Democratic majority to consider the measure without public hearings. Fore-running the assault that the Republicans propose to wage against the schedules from agate to zinc, Senator Penrose sought to have the bill referred to the finance committee with instructions for public hearings after Senator Simmons, chairman of the committee had moved for reference without instructions. Action on this phase was pending when the senate adjourned until Tuesday. Several Republican leaders predicted that they would win their contention and that public hearings would be forced over the heads of the finance committee. Democratic leaders, however, disputed this prediction.

**Smith Attacks Bill.**  
Speaking of the Penrose amendment Senator William Alden Smith of Michigan, in a vigorous appeal for consideration of the bill in the open instead of in "the darkness and gloom," of the committee room, assailed the tariff bill. He declared that it would result in a repetition of "dark days" that followed the Wilson bill, that the sugar industry would be ruined, that other industries would suffer, and that already business was falling off rapidly throughout the country.

**Predicts Death of Beet Sugar.**  
Charging that free sugar in three years would give the American refining company and the Federal Sugar Refining company an option which they would foreclose on the property of the best beet sugar interests, their only domestic rivals, Senator Smith declared that the beet sugar industry in which 15,000 persons in Michigan alone were interested would be wiped out.

"If the American Sugar Refining company and the Federal Refining company," said Senator Smith, "have made an alliance with the Democratic party, it is an unholy alliance. Men who have not shirked in committing crimes to increase the volume of their business, and who are now responding to the will of the law, make very poor allies for any political party."

**Want Indian Board Abolished.**  
Senator Owen led an attempt to day before the senate Indian affairs committee to abolish the board of Indian commissioners. The board is appointed by the president and its members serve without compensation. Mr. Owen and other senators claimed that it was useless, but gave up the fight after a long argument. The Indian appropriation bill carrying about \$10,000,000 was under consideration to day by the committee.

**Choose Sabbath as Member.**  
The Illinois delegation in the house met to day and elected Representative Sabbath of Chicago, as Illinois member of the Democratic congressional committee to succeed Representative Rainey who declined to serve again. The delegation endorsed Mr. Sabbath for chairman of the committee urging the strategic location of Chicago's Resolution.

## MEET TO REORGANIZE FOR NEXT CAMPAIGN

DEMOCRATIC CONGRESSIONAL COMMITTEE MEETS IN WASHINGTON

Statement Read by Representative Lloyd Set Rorth That the Main Idea Was to Accomplish Effective Work by United Action in the Coming Campaign.

WASHINGTON, MAY 9.—The Democratic congressional committee met tonight to re-organize for the next campaign. The keynote of the meeting was sounded in a statement read by Representative Lloyd of Missouri, the retiring chairman of the committee, explaining President Wilson's position regarding the work of the committee.

This statement of administration views, to which President Wilson gave his approval to day, made it clear that the president had no preference of candidates for chairmanship of the committee and set forth that the main idea was to accomplish effective work by united action in the coming campaign important to the party and that senators should be among the congressional committee in as much as various states have provided for popular vote for United States senators.

Mr. Lloyd presided. He had already announced that he was not a candidate for re-election.  
Some of those instrumental in bringing about the meeting urged the importance of providing for a great campaign of publicity in support of the Underwood tariff revision bill. They favored sending to the country through the country newspapers statements regarding the party record on the bill and, among other things, the different views of the minority in the house on the tariff.

**Members of New Committee**  
Following is the new membership of the committee.

Senators—Missouri, Stone, Virginia, Martin; Texas, Culberson; Nevada, Newlands; Alabama, Bankhead; Oklahoma, Owen; Oregon, Chamberlain.

### GETS VERDICT FOR \$20,300.

Verdict is Second in Favor of Mrs. Ira G. Rawn Against Insurance Companies.

St. Louis, May 9.—A verdict for \$20,300 was returned today in favor of Mrs. Ira G. Rawn, widow of a former vice-president of the Illinois Central railway and later president of the Monon railway against one of a number of insurance companies she is suing to collect policies on her late husband. Rawn died at his country home near Chicago, the widow contending he was shot by burglars, the insurance companies that he committed suicide. The verdict was the second in favor of Mrs. Rawn. The trial of the first case resulted in the jury granting the widow \$14,600.

### NAVAL OFFICER FOUND DEAD

Annapolis, Md., May 9.—Lieutenant B. Richard Hill, U. S. N., was found dead in his room at a boarding house here today, with a bullet wound in his head. A revolver was lying beside him on the floor. Lieutenant Hill, who was from Iowa, was taking a post-graduate course at the naval school of engineering. While it appears to be a case of suicide no motive for the deed has yet been discovered. The naval academy authorities are investigating.

an hour today but was not acted upon. A vote probably will be reached at the next session on Tuesday. Senator Kern is hopeful that the resolution will be adopted, but some senators tonight were inclined to doubt the ability of the majority leader to put it through.

### Mann Leads Filibuster.

Presentation of a rule for immediate consideration of a bill to create an additional judge for the eastern division of Pennsylvania resulted tonight in a filibuster in the house, led by Representative Mann of Illinois, Republican leader who prevented a vote. The bill was introduced a month ago by Representative Palmer.

Mr. Mann made the point of no quorum, contending it was unfair to bring in the rule without previous notice as he had an understanding when he refrained from demanding a roll call on the Glover contempt case, that no other business was to be taken up today.

## JAPAN NEGOTIATIONS FORMALLY OPENED

SECRETARY BRYAN MEETS WITH JAPANESE AMBASSADOR

Viscount Chinda Will Again Confer With Secretary of State This Morning When Bryan May Be in Position to Answer Japan's Protest of California Law.

WASHINGTON, MAY 9.—Negotiations between America and Japan regarding the California land legislation were formally initiated today when Secretary Bryan had two meetings with the Japanese ambassador at the state department. While there had been a number of exchanges between the two officials since the inception of the California legislation until today, they had been informal and based upon the desire of the Japanese government to avert an open issue. Today, however, in anticipation of the consummation of the legislation the Japan government handed in its formal protest, which was considered sufficiently weighty to call for deliberate treatment. So it was arranged that Viscount Chinda should meet Secretary Bryan at the state department at 9:30 o'clock tomorrow morning by which time the secretary may be in a position to give an answer to the communication.

The nature of the Japanese objections can be only surmised as by mutual agreement the parties to the conference refrained from discussing it. That it is based upon the general charge that the California law awaiting Governor Johnson's signature would discriminate against Japanese subjects is believed to be certain. It is not known whether a violation of the treaty is alleged or a broad charge made that the principles of international law have been disregarded, however, the entire correspondence so far had on this subject will soon be given to the public in the United States as well as in Japan.

After his second short conference with the Japanese ambassador, Secretary Bryan departed for New York to deliver a speech at a banquet there tonight on the subject of peace, intending to start on his return trip at mid-night in order to keep his engagement with the ambassador for tomorrow morning.

### THEATRES RAPIDLY GIVING WAY TO "MOVIES"

LEGITIMATE THEATRICAL FIELD IN CHICAGO IS CONTRACTING

Colonial, McVickers, and Olympic Theaters Will Be Used For Presenting Film Productions—Too Many Theaters Staging High Priced Productions Did Not Pay.

CHICAGO, MAY 9.—The rapid contraction of the legitimate theatrical field in Chicago, largely reflected in the expansion of the "movies" was emphasized today by the leasing for five years of the Colonial theater, one of the city's most pretentious playhouses to a firm presenting film productions.

Yesterday the historic McVickers' went the same road. The big Olympic theaters preceded them in the exhibition of moving pictures recently. These developments are the result principally of the agreement entered into during the winter among some of the principal theatrical magnates to curtail the competition which had resulted in the over-construction of theaters not only in the metropolitan cities, but all over the country. Chicago is regarded as a good show town, but last winter there were so many theatres in operation that only productions of unusual popularity could attract paying audiences. Passes were abolished but it didn't help much. Recently Powers theater, the scene of many high class plays placed on sale for fifty cents all seats unsold at 7:30 o'clock. The contraction of the Chicago field is said to be an index of the situation in other cities where houses are being closed and their aggregate capacity brought closer to the needs of theater going public.

The Colonial theater formerly was known as the Inoquoia in the destruction of which ten years ago 600 lives were lost.

### SHRINERS LEAVE FOR DALLAS

St. Paul, Minn., May 9.—Four hundred Shriners of the northwestern states and Canada left St. Paul today in a special train for Dallas, Texas, where the annual session of the organization is to be held next week. All members of the train crew which carried the delegates from here were members of the order and were dressed in the insignia of the order when the train left.

The train will stop at Davenport and Cedar Rapids, Ia., where other delegates will join the northwestern men.

### BRADY'S APPOINTMENTS.

Springfield, Ill., May 9.—State Auditor James J. Brady, today appointed:

## PRaises President WILSON'S PEACE PLAN

Secretary of State Bryan Addresses International Peace Congress

## PLAN FOR FUTURE PEACE

Secretary Declares New Plan is Latest and Longest Step Toward Peace Among Nations

## MANY NOTABLES AT BANQUET

NEW YORK, MAY 9.—William Jennings Bryan, speaking at a dinner given tonight in honor of foreign members of the International Peace Congress, arranging the celebration of 100 years peace among English-speaking peoples, declared "that the new peace plan offered by President Wilson to all nations is the latest and longest step toward peace."

"It contemplates time for investigation and deliberation," he said, "and this makes the possibility of war remote."

Mr. Bryan's subject was "progress toward peace."

He said that the part of the United States in the cause must of necessity be large because more than any country it had a population which is attached by blood to nearly all nations.

Peace for all time between the United States and Great Britain was the keynote of other addresses of the evening delivered by Lord Wierdale, chairman of English delegation, Sir Edmund Walker of Canada, Sir George Houston Reid of Australia and Judge George Gray of Delaware.

**Delegates Go to Boston.**  
Tonight's function marked the last of many that have engaged the delegates here during the last week, for tomorrow they start for Boston.

More than 500 men and women, most of them of country-wide distinction were in attendance and unstinted applause greeted all remarks that emphasized the cordial relations between the two nations and the cause of universal peace in general.

The enthusiastic singing of "America" and "God Save the King," was one of features of the evening. Flags of Great Britain, the United States, Canada, Australia and Belgium where the treaty of Ghent was signed in 1814, decorated the banquet table.

**Joseph Choate Toastmaster.**  
Joseph H. Choate, former ambassador to Great Britain acted as toastmaster. At his left sat the new British Ambassador Sir Arthur Cecil Spring-Rice, and on his right Mr. D. Gama, the Brazilian ambassador, dean of the diplomatic corps at Washington. Other members of the diplomatic corps, Ambassador Page, the members of the foreign delegations, United States senators, judges from several states and the governors of two were interspersed at the speakers' table.

**Endorses Wilson's Plan.**  
Mr. Bryan was introduced after the banqueters had drunk a toast to the King of England and the president of the United States. The secretary of state said in part:

"We have three great forces at work throughout the world, forces that work constantly and irresistibly and everyone of these forces makes for peace. I bring before you—a growing intelligence and increasing understanding of the doctrine of brotherhood, and a growing power of the people to control their destinies through the control of their government. This nation must be willing to extend its hand to all those who come from any direction in the interest of peace. No nation shall outstrip us in its advocacy of peace."

"No other nation is better situated or better prepared to set an example in the interest of peace than this. And I am glad on the occasion to make reference to the act of our president that embodies this thought in language."

"Two weeks ago yesterday at his direction I summoned the representatives of thirty-six nations represented at Washington that I might for him simultaneously present a proposition in which the president expressed not only his willingness but his desire to enter into agreement with every other nation, great or small, that so far as our nation and that contracting nation is concerned there will be no war, no declaration, no commencement of hostilities until the question in dispute has been investigated by an international tribunal and its report made known."

**Cannot Arbitrate Everything.**  
"Now I believe that this proposition is a long step in the direction of peace. It does not mean to take the place of arbitration treaties—make all you can submit to arbitrate every question which you can agree to submit, but when you are through you will find, at least we have found thus far, that there are certain questions that are excepted. And they are so important that they themselves become the cause of war."

## BANKER WHO ATTACKED SIMS IS REPRIMANDED

CHAS. G. GLOVER IS BROUGHT BEFORE THE BAR OF THE HOUSE

Is Reprimanded By Speaker Clark For Violating the Provisions of the House—First Case in Many Years That An Outsider Has Been Arraigned Before the House For Contempt.

WASHINGTON, MAY 9.—Charles G. Glover, the Washington banker who recently attacked Representative Sims of Tennessee on account of a speech delivered in the house was brought before the bar of the house today and reprimanded by Speaker Clark for violating the provisions of the house.

When brought in by the sergeant at arms Glover read an apology, stating that his act was committed under great stress of feeling and that he did not know he was affronting the house.

This was the first time in forty years that an outsider had been arraigned before the house for contempt. The assault occurred in Farragut Square on April 18th when Representative Sims and Mr. Glover met for the first time after the former had made a speech in the house severely criticizing Mr. Glover in connection with the proposed sale of certain District of Columbia real estate to the government. During the debate on the report of the committee which investigated the incident Mr. Glover waited in the office of the sergeant at arms. He was brought in as soon as the resolution was adopted and arraigned before the speaker's rostrum.

**Banker Makes Apology.**  
When asked whether he desired to make a defense and be represented by counsel, the banker admitted the facts as recited in the resolution, but earnestly disclaimed any intention of violating the provisions of the house.

"I express deep regret and offer my apology," he concluded.  
Then Representative Crisp of Georgia offered a resolution authorizing the reprimand. He urged that reprimands always had been inflicted in such cases, except in one aggravated case many years ago.

Speaker Clark delivered the reprimand solemnly and deliberately.

"The freedom of speech and immunity from question on words spoken in the senate and the house," he said, "at the root of our institutions. Assaulting a member of congress for words spoken in debate might compel a good man who does not want to kill anybody, to prevent that every act."

During the debate preceding the reprimand, when the house was in a very serious mood, Representative Thomas of Kentucky, created a laugh by declaring Mr. Glover was an athlete while Representative Sims was "blessed with an abnormal abdominal protuberance," and that Mr. Glover would have been "justified just as much in assaulting a Muskogee duck with both wings clipped."

### ASSOCIATED WITH JOHNSON FOR FINANCIAL REASONS

Belle Schrieber Testified Most of Afternoon Session of Pugh's Trial.

Chicago, May 9.—An attempt to analyze the feelings held by Belle Schrieber for Jack Johnson, negro pugilist charged with bringing her to Chicago for immoral purposes occupied the afternoon session of his trial for violation of the Mann act today.

Miss Schrieber was questioned by counsel for Johnson.

"I don't believe I ever was in love," she replied to a question. "I don't know what love is. I don't believe I had any affection for Johnson. The reasons I associated with him were mostly financial—because I could get lots of clothes and some jewelry from him."

The witness testified that on her arrival in Chicago, Johnson had rented and furnished a flat for her, to be used for immoral purposes and that she once gave the pugilist \$20.

### DISTRIBUTES SUPPLIES.

Cairo, Ill., May 9.—Four hundred and twenty persons in Dog Tooth Bend, north of Cairo, whose lands were devastated by the recent floods were given supplies today by the American Red Cross society. More than 300 persons across the river in Kentucky were also taken care of, seed for more than 5,000 acres of land being distributed.

Investigations before hostilities are begun, that war will become impossible.

## NOTORIOUS CONVICT CAPTURED AT PEKIN

CLYDE STRATTON UNDER ARREST ON BURGLARY CHARGE

Admits That He is Familiar With the Details of the Robbery of the Diamond Merchant Logue and That He Was An Auto Bandit in Chicago For Four Days.

PEORIA, MAY 9.—Clyde Stratton, the notorious convict who made a sensational escape from the government prison at Leavenworth, March 29th, by crawling through a half mile of sewer, and who is now under arrest at Pekin, Ill., on a charge of burglary tonight confessed that he is the man wanted at Leavenworth prison. Stratton further admitted that he was familiar with the details of the robbery of the diamond merchant Logue in Chicago and that he was an automobile bandit in Chicago for four days. Stratton's identity was effected through the efforts of Sheriff A. F. Fluegel at Pekin. Stratton was arrested a few days ago near Danvers, Ill., where he and a companion were accused of robbing a store at Mackinaw, Ill. The booty taken from the Mackinaw store was found in their possession and was identified by the proprietor of the store at Mackinaw. Stratton and his companion were then removed to the Tazewell county jail at Pekin. Sheriff Fluegel compared the pictures in his rogues' gallery and found one which corresponded with that of Stratton. Both St. Louis and Peoria police departments were communicated with and identified the picture as that of Stratton. Stratton first refused to talk but finally broke down and admitted that he was the man who crawled through the sewer and escaped from the Leavenworth prison.

**Prisoner Talks Freely.**  
Stratton in talking of his case said:

"I was sent up from Indianapolis by the federal court for robbing a postoffice at McCool, Ind. I had been in the prison but a short time when I decided to make my escape through the sewer. I had confidence in this method after I had previously made my get-away from the Columbus, O., state prison on two different occasions. My first arrest occurred at Mansfield, O., and I was sent to the reformatory in 1904, but I escaped shortly afterwards. Two companions started to make the trip through the sewer at Leavenworth but after going some distance they turned back. I made my way through the 18 inch sewer for half a mile and finally came to the end. The sewer gas seemed to affect my two companions, but it didn't affect me and I didn't feel any the worse for the trip. I secured a suit of clothes from a farmer and made my way to Chicago within a few days."

Stratton talked of the Logue robbery in Chicago and of the raids by the automobile bandits. He admitted knowing Webb and said that he tried the automobile bandit business for four nights, but couldn't get away with it. He was arrested in Chicago as a suspect but was released soon. He then made his way to Peoria. He admits robbing a farm near Allentown, Ill., a store at Tremont, Ill., a store at Mackinaw, Ill., and a store at Danvers, Ill.

Sheriff Fluegel stated tonight that it was the intention of the Tazewell county authorities to hold the prisoner and try him on the charge of robbing the Logue. He received a telegram from the authorities at Leavenworth asking when he would turn over the prisoner, but had not replied.

### SPRINGFIELD WOMAN ADMITS THAT SHE SIGNED AFFIDAVIT

Miss Maude Robinson Denies That Anything Alleged on Paper Would Justify Her Arrest, or That She Committed Perjury in Signing It—Has Disappeared.

Chicago, May 9.—Miss Maude Robinson, of Springfield, Ill., admitted here today that she signed the affidavit in connection with the charges against Lieutenant Governor Barratt O'Hara of Illinois, presented before the senate investigating committee by Chief Deputy Sheriff Richard Sullivan of Sangamon county.

Miss Robinson in admitting that she signed the paper denied positively that anything alleged in the paper would justify her arrest, or that she committed perjury in signing it.

Two affidavits of the affidavit have not been made public.

"I have done nothing that I could be arrested for," said Miss Robinson. "I have not been served with a summons to appear before the senate committee, but I will do so and tell what I know. Meanwhile I will not give out any statements."

Miss Robinson said that she had acted on her own initiative in the matter and without the advice of counsel.

Miss Robinson is 28 years old. She was born in Charleston, Ill., where she was a church singer until a few years ago. Two years ago she was married to "Jack" Shriver, of Charleston. She obtained a divorce from Shriver with permission to resume her maiden name on April 17, 1912, at Springfield, Ill., where she resided with her mother during the proceedings. Her attorney was C. F. Mortimer, who is attorney also for Samuel Davis. Mortimer also appeared for R. M. Sullivan, deputy sheriff, when Sullivan presented to the senate committee the affidavit accusing O'Hara.

**MISS ROBINSON DISAPPEARS.**  
State Senator Samuel H. Hines, chairman of the committee investigating the charges against O'Hara, tonight enlisted the aid of detectives in searching for Miss Robinson, who tonight disappeared from the home of relatives here. If found she will be served with a subpoena to testify before the committee.

## HUERTA REPUDIATES AMBASSADOR WILSON

Mexican President Declares Wilson, Diplomatically, Has No Standing

## RESENTS U. S. ATTITUDE

Thinks Washington Government Unreasonable In Withholding Recognition of Mexico

## MAY LEAD TO COMPLICATIONS

MEXICO CITY, MAY 9.—Keen interest in being displayed by the government and the public generally in what action the United States will take as a consequence of the repudiation to day of Ambassador Wilson by President Huerta. The president has made no statement either to Ambassador Wilson or to the public, qualifying his statement that Mr. Wilson, "diplomatically has no standing," but foreign minister De la Barra, who always has been regarded as so desirous to placate in dissensions displayed an eagerness to the minimize the incident.

Senor de la Barra aid the declaration of President Huerta did not men the servance of diplomatic relations between Mexico and the United States. He drew a wide distinction between the diplomatic representative who performs the duties of his office and one who confines himself to routine matters and said he apprehended no serious consequences from to day's incident.

**Resents Government's Attitude.**  
Those close to the administration say that they would not be surprised should the United States take Mexico at her word and recall Ambassador Wilson, but the opinion prevails that President Huerta is not prepared to go so far as to hand the ambassador his passports. That President Huerta during his conference with Mr. Wilson used much emphasis in explaining the position of his government, and that his remarks were characterized by a bitterness, and warmth which clearly reflected his deep resentment against what he termed the unreasonableness of the Washington government in withholding recognition of the Mexican government, has been established although Ambassador Wilson has refrained from discussing it. In the face of statement of President Huerta that a loan had been arranged through the United States, Belgian, French and German bankers, and was lacking authorization by congress, there persist their opinion that recognition of the Mexican government by the United States is an essential condition to the consummation of the loan, and that this fact was the chief cause for president Huerta's break with Ambassador Wilson.

**Has No Official Standing.**  
Henry Lane Wilson, United States ambassador to Mexico, has no official standing in Mexico in the eyes of the present administration. This is not a matter of record, but was unofficially stated by provisional President Huerta to day. He said:

"As a personal friend I am always glad to treat Mr. Wilson, but diplomatically he has no standing. This has not been made clear in official declarations, but the public and the press generally have not failed to place this interpretation on the situation."

Ambassador Wilson reported the incident to the state department at Washington although he may possibly have confined himself to the official declaration by provisional President Huerta, which leaves him a quasi standing as a diplomat.

The newspapers El Pais in an editorial to day bitterly censures the attitude of the United States, declaring that it should void the policy of non-recognition of Mexico frankly and withdraw from Mexico not only Ambassador Wilson but its consular officers.

The question of the claims arising out of the revolutions, the Colorado waters as well as other matters were discussed by provisional President Huerta and Ambassador Wilson at the inception of the new administration. General Huerta then promised immediate settlement, authorizing Francisco de la Barra, the foreign minister to make a speedy arrangement with Ambassador Wilson but nothing has yet been settled.

The graduates are Lila Boyd, Loraine Strubinger, Lillian Robb, Russell Dresch, Eva Fitzpatrick, Spencer Wheelan, Frieda Campbell, Berdyn Garrett, Roberta Coffman, Roy Sidwell, Verna Boyd, Val Pheneeger.

**Carrollton High School.**  
Twenty-seven students will graduate from the Carrollton high school, the exercises to be held June 2. There are thirteen boys and fourteen girls in the class as follows:

Alice Bare, Alfred Bradley, Vincent Carmody, Mildred Crow, Robert Chapman, Delbert Driver, Harlan Eldred, Paul Fischer, Rosalia Hanlon, Mary Hartman, Wilby Kennedy, Clemens Lunnen, Harry Morrow, Alma Moore, Edith Painter, George Parker, Evelyn Postelwait, Lawrence Powell, Kathryn Ray, Elizabeth Robinson, Stella Robley, Verna Schroeder, Blanche Secor, Roy Short, Sidney Simpson, Edna Witt, George Woods.

**WOODSON CHORAL SOCIETY.**  
Saturday evening May 10th, there was given at Colton's Hall in Woodson one of the cleanest, most enjoyable concerts it has ever been our good fortune to attend. This entertainment was given by the "Woodson Choral Society," musical club of our town and vicinity under the management of Prof. L. Foster Hitt of Jacksonville. The club is composed of the best social and intellectual members of the community as an amateur organization, without ever boasting to the writer it seems hard to surpass.

The program given was varied and refining in all its parts, affording to all that enjoyment and entertainment peculiar to the inclinations of each and all. We naturally feel proud of our native talent and the skillful manner Prof. Hitt has trained and exhibited it to the complete enjoyment of the Woodson people and others who were so fortunate to attend its effort. We understand Prof. Hitt contemplate presenting this Fourth Annual Concert of the Choral Society to other towns in the surrounding country and we will say from our own personal experience should he do so that you will "get your money worth," in a wholesome elevating and refined evenings enjoyment if you will but attend its rendition.

**Shot in Quarrel at Alton.**  
Charles Jackson of Alton was shot in the left leg with a shotgun at midnight Wednesday by Mrs. Dollie McCarthy in a quarrel over a board bill. Jackson is in a serious condition at St. Joseph's hospital. Mrs. McCarthy is held at the Alton police station pending the result of the man's injuries.

**New Railroad For Macoupin County.**  
A license to incorporate was issued by Secretary of State Woods to the Macoupin County Extension Rail way company. The principal office is Chicago and the capital stock is nominally \$10,000. It is proposed to operate a connecting railroad in Macoupin county with branches and spurs to coal mines and industries in Macoupin and Madison counties. The incorporators and first board of directors are Marvin Hughitt of Chicago, William Evanston, H. R. McCullough of Lake Forest and John D. Caldwell of Oak Park.

**Perry May Be Named.**  
Attorney Elmer Perry of Springfield may be appointed an assistant attorney general of the United States. The name of Mr. Perry has been suggested by United States Senator Lewis.

Perry has been active in Democratic politics in Sangamon county for some time, and made the race for lieutenant governor on the Democratic ticket eight years ago.

**Farm Brings \$220 an Acre.**  
The highest price ever paid for St. Clair county farm land sold by the master in chancery was recorded when Master Knowles disposed of the John D. Schneider farm between O'Fallon and Willard, for \$220 an acre. The 100 acre tract was bought by W. G. Willard of O'Fallon for \$22,000.

**Motor Car Ready for Service.**  
The first of the motor cars to be used on the southern end of the Chicago Peoria and St. Louis railroad arrived in Alton Wednesday. The car is capable of carrying ninety-one passengers and can make seventy miles an hour. It will be used here after in place of trains Nos. 3 and 4 running between Springfield and Alton.

**No Saloon For Upper Alton.**  
It has been settled definitely that there will be no saloon opened in Upper Alton or vicinity although two buildings have been bought with that intention. One is in the city limits, but more than a mile from Shurtleff college. The other is outside the city. Mayor Faustitch gave his decision that he would not license a saloon in what was Upper Alton territory. State's Attorney J. M. Bandy promised he would not allow an illicit saloon to be started east of the former village.

**Secretary Woods' Appointments.**  
Secretary of State Woods has announced the appointment of a number of new clerks in his office. They are as follows:

Thomas J. Myers, of Benton, clerk in the corporation department.  
John H. DeBell, of Mt. Carmel, proof reader in the index department, vice Charles Ryan, of Springfield, resigned.

Thomas Mahoney, of Carrollton, clerk in the index department, vice J. D. Cribb, of Peoria, resigned.

Robert J. Casey and Frank Brennan, of Chicago, attaches of the foreign corporation department in Chicago.

**Health a Factor in Success.**  
The largest factor contributing to a man's success is undoubtedly health. It has been observed that a man is seldom sick when his bowels are regular—he is never well when they are constipated. For constipation you will find nothing quite so good as Chamberlain's Tablets. They not only move the bowels but improve the appetite and strengthen the digestion. They are sold by all dealers.

## SHERMAN AND DENEEN SAID TO BE WORKING TOGETHER

Ward Meeting Held Last Night in Chicago Accounted Significant—Roy West May Resign as Chairman State Republican Central Committee.

A get-together meeting of Republicans of the twenty-fifth ward in Chicago was held Friday night at Edgewater hall, Bryn Mawr, and Winthrop avenues. Edward J. Brundage, president of the 1916 club was the principal speaker.

The Chicago Tribune said yesterday: "Politicians assert Mr. Brundage's appearance at the north shore meeting is significant. He is identified with the G. O. P. faction headed by United States Senator Lawrence Y. Sherman. The twenty-fifth ward is a Deneen stronghold, and it is said the Deneen and Sherman followers have decided to work in harmony for future party success."

"William Lorimer is now a resident of the twenty-fifth ward and his friends have been working secretly. It is declared, to capture the ward organization."

"Senator Sherman's friends are reported to be in the majority on the state central committee. There has been talk of an effort to have Roy O. West relinquish the chairmanship of the state committee and confine his activities to the national committee, of which he also is a leading member."

**Most Prompt and Effectual Cure for Bad Colds.**

When you have a bad cold you want a remedy that will not only give relief, but effect a prompt and permanent cure, a remedy that is pleasant to take, a remedy that contains nothing injurious. Chamberlain's Cough Remedy meets all these requirements. It acts on nature's plan, relieves the lungs, aids expectoration, opens the secretions and restores the system to a healthy condition. This remedy has a world wide sale and use, and can always be depended upon. Sold by all dealers.

**TOUR OF PEACE DELEGATES.**

New York, May 9.—The international conference that has been in session here all week discussing plans for the coming celebration of the 100th anniversary of peace among English speaking peoples concluded its meetings today. Following a farewell banquet at the Hotel Astor tonight the foreign delegates will leave the city tomorrow morning for a tour of the eastern states. Two days will be spent in Boston, after which the distinguished visitors will go to Washington, where they will be received next Monday by President Wilson and the members of the cabinet. On Tuesday the delegates will visit Richmond, and on the following day they will be entertained in Philadelphia. From the Quaker City they will go direct to Chicago and then will return to New York by way of Detroit, Buffalo and Niagara Falls. The main body of the visitors will sail for England on May 21.

### LAST RITES HELD FOR L. M. DAVENPORT FRIDAY

Services at Residence of Daughter, Mrs. W. W. Gillham, Largely Attended.

Impressive funeral services for L. M. Davenport, were held Friday afternoon at 3 o'clock at the residence of his daughter, Mrs. W. W. Gillham 930 West State street, in the presence of a large gathering of relatives and friends. The services were conducted by Rev. Clyde Darsie, pastor of the Central Christian church who took for his text the last words of Jesus Christ, "Father Into Thy Hands I Commend My Spirit," and said in part:

"These are the calm words spoken amongst the frenzied multitudes at the moment of death. Sin and suffering had done their work but had not affected the Master's courage. They were like the words of Paul when he said, 'I know whom I have believed and am persuaded that he is able to keep what I have committed unto Him against that day.'"

"It was as a man bringing his money to the bank, depositing it there because he is not able to care for it. Robbers are abroad, he might lose it and the bank with its vaults and steel safes can protect it. Even so Jesus at the end of His life gave His spirit over into the keeping of His heavenly Father, and Paul having committed his all into the hands of God could say, 'I know whom I have believed and henceforth there is laid up for me a crown of righteousness which fadeth not away.'"

"This is every Christian's hope, a hope in which he can say with Paul, 'I know,' because by repeated trial he has put to test the great keeper of our souls."

"Many years ago Mr. Davenport gave his soul into the keeping of his God and today we sorrow not as those who have no hope, but we look forward with confidence to the glad reunion on the other side."

A quartet composed of Mrs. Wallace Brockman, Miss Cora Graham, C. L. Mathis and J. Philip Read sang with much feeling, "Cast Thy Burden on the Lord," "As Thou Wilt," and "Abide With Me." There was a wealth of beautiful flowers, which were cared for by Miss Nellie Magill, Miss Ida McClelland, Mrs. William Self, Mrs. Frank Bryns and Miss Elizabeth Hatfield.

Interment was made in Diamond Grove cemetery and the bearers were: William Davenport, Bertram Davenport, Samuel Davenport, John Davenport, Barlow McIntyre and Len G. Magill.

Among those from a distance to attend the services were: Mr. and Mrs. Henry Strawn and D. D. Davenport of Alexander, John and William Davenport of Orleans, John and Samuel Davenport of Pisgah and Mrs. William Magill and daughter Gladys and Miss Ida McClelland of Springfield.

### IMPORTANT.

The state convention of Red Men will convene in this city the 19th, 20th and 21st of this month, and as the hotel accommodations are not sufficient to care for all the visitors, it is necessary to call on our private families for help. Any family or boarding house that can help in this matter is requested to notify Secretary Fritchey of the Chamber of Commerce, giving rates per day, how many that can be cared for, name and number of street.

For chronic muscular rheumatism you will find nothing better than Chamberlain's Liniment, sold by all dealers.

**READY FOR KENTUCKY DERBY.**  
Louisville, Ky., May 9—The greatest turf event of the year, and the richest Kentucky Derby ever contested, the 39th running of that event at a mile and a quarter for the cream of the three year olds of America, will take place at Churchill Downs tomorrow, making the opening of the spring meeting of the Louisville Jockey club.

Hitherto, the richest Derby was that of 1890, won by Riley, and worth to the winner \$5,460. This year the event will be richer even than in the year that the son of Longfellow led his field home. The pick of three year olds are entered in the event, but Hawthorne, the most phenomenal horse of the year, continues a decided favorite in the betting.

There are thirteen days racing scheduled, and with the fastest horses in American now quartered in the stables, the track in excellent condition and substantial purses promised for each day, the management expects one of the best meetings in recent years.

### No More Constipation

**It's Me for Olive Tablets!**  
That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and Calomel's old time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing laxative.

No gripping is the "keynote" of these little sugar-coated tablets. They cause the bowels and liver to act normal. They never force them to unnatural action.

Dr. Edwards' Olive Tablets are so easy to take that children do not regard them as "medicine" at all.

If you have a "dark brown mouth" now and then—a bad breath—a dull tired feeling—sick headache—torpid liver and constipated, you'll find quick, sure and only pleasant results from one or two little Olive Tablets at bedtime. They're perfectly harmless.

Thousands take one every night just to keep right. Try them.

"Every little Olive Tablet has a movement all its own." 10c and 25c per box.

The Olive Tablet Co., Columbus, O.

## MOTHERS CONGRESS CLOSES SESSION

RESOLUTIONS PASSED AND DIRECTORS CHOSEN.

Lieutenant Gov. O'Hara Relates Work of Illinois Senate Welfare Commission in Final Address—Reports From Parent-Teacher Clubs of the State.

The Fourteenth meeting of the Illinois Congress of Mothers held its closing session Friday evening. Resolutions expressive of the ideals of the congress were passed and a most enjoyable musical treat was furnished by the members of the Conservatory of Music. The day sessions were occupied by reports of delegates and committee chairmen together with two instructive addresses by State Superintendent Francis G. Blair and City Superintendent W. A. Furr. Announcement of the election of six new directors follows: Mrs. Charles Walther of Chicago; Mrs. Anna Hunter of Monmouth; Mrs. Julius Rosenwald of Chicago; Mrs. H. A. Clark of Princeton; Miss Emma White of Evansville and Mrs. B. F. Langworthy of Chicago.

"The Illinois Senate Welfare Commission" was the theme of Lieutenant Governor Barrat O'Hara and it was a clear moving address, full of interesting detail.

The lecture was preceded by a well received musical program and the reports of the committee on resolutions.

The closing session was opened by a musical program by the Illinois College Conservatory orchestra and it was splendidly given as follows:

Third movement from Concerto for four violins, by Maurer—Misses Jensen, Hoffman, Dunlap and Harton.

An Evening in Granada, for piano, by Debussy, En Route—Mr. Edmund Munger.

Prelude to Opera, Haensel and Gretel, by Humperdink—Conservatory orchestra, William E. Gritch, director.

The resolutions adopted occur elsewhere. A telegram was read from Lucy Page Gaston, the head of the Anti-Cigarette league of this state, announcing the passage of an anti-cigarette bill in one house of the legislature and urging support by the mothers. The congress went on record as favoring the law.

Mr. O'Hara's Address.

The lieutenant governor after being introduced by Mrs. L. D. Doty, president of the congress, assured the audience of his pleasure at being present at such a gathering, reminding them that such applause as that which he was greeted is sweet to the ears of a man engaged in the struggle for an issue of reform. After speaking of the conditions out of which need for reform arises the speaker said in part:

"A short time ago the state senate awakening to the fact that some attention should be given to the condition to womanhood and the conditions under which the mothers and prospective mothers of the state have to labor, appointed a commission of investigation. For conducting the hearings of this commission I have been severely criticized. People who are honest have condemned me for calling up and listening to the story of the fallen woman. They have wanted to know why this commission should credit the story of these women of shame. If I had not, however, given a hearing to these outcasts, had not treated them with the same justice which the tenants of the Christian religion demand, I should consider myself a poor kind of public official. Many have said that the girls and women interviewed did not tell the truth, but I assert that the story they told of adverse social conditions of the struggle to live in a great city had the strongest marks of truth.

Too Low Wages.

"To ascertain why the conditions exist that help girls from the straight and narrow way, we called before our commission a number of heads of large department stores in Chicago. We found out from them that for a girl to live decently in the city of Chicago it requires eight dollars per week, not one cent less. When we asked these rich merchants what wages they paid in their stores, we found that in many 50 and even 60 per cent in other stores were paid less than what it takes to keep body and soul together.

We found them consciencelessly overworking and underpaying these girls for the sake of dividends. We found a condition of slavery far worse than black slavery, a state of barbarism worse than what existed when the race was young. Then at least, men and women received from their daily labor enough food for subsistence, while they now attempt to exist on less than the lowest level of possible expenditure.

It is not the individual storeowner or manufacturer that we blame. The fault lies in the conditions. Laws should be passed making it a felony for a man to pay a girl less than a living wage. We must grow to look on the man who exploits Americas womanhood, as a criminal worthy of penal servitude. We need to cultivate a new point of view by which we shall look upon such men as no longer gentlemen, unfit to associate with us in our homes. We need to create a commission which will investigate living costs in each city of the state and fix a minimum age for working girls.

One huge department store in Chicago, which rolled up immense profits by grinding out the life and snatching the energy of its employees gave dividends to the extent of seventeen millions dollars a year. This money does not stay in Chicago nor in America. Much of it goes across the water to swell the fortune of titled Englishmen who look upon America as a mere place for making

money, as a place to be despised.

Conditions in Springfield. Chicago is not the only sinner. In Springfield there is a twenty-five million dollar shoe corporation which is guilty of the most in-human practices in dealing with its employees. The investigations of the commission have revealed in many of their factories, veritable mediaeval barbarities. Girls have testified under oath of being sworn at, beaten and insulted by brutal floor bosses, driven to work when almost swooning from exhaustion and mistreated with revolting barbarity.

We were criticized by the press for taking testimony both from fallen women and working girls. To those who allege that the commission has ever held out against the young woman who toils, I would say that I consider her class among the most moral in the country that I consider that girl who can subsist on the merest pittance and do her work must be good, and rather than reflecting the work of the commission was meant as an aid to working girl. I have ever maintained that low wages are the sole cause of vice. Insufficiency pay is merely an incident to the path that from the present of clothes or ornament the theatre with its immoral lines, the midnight restaurant and the public dance hall leads at last into the pit. It is low wages that feeds and increases this terrible stream of destruction.

Before permanent remedies can come a new viewpoint must be gained. We must learn to judge men by their character and not by their money. We will have to learn not to call each man a failure who has not amassed wealth. In this day of real humanity we must realize that human equality is not a governmental fiction, a vital fact, and no great progress can we make accept the equality of man and the equality of woman.

Friday Morning's Session.

Francis G. Blair, the superintendent of public instruction, addressed the congress on "Standardization of Country Schools." Reports were heard from a number of parent-teachers' organizations. Miss Minnie Witham of Oak Park gave the report of the state committee on literature. Mrs. Alfred Bayliss, of Macomb, presided.

The meeting was opened by the invocation by the Rev. W. L. Dorgan followed by a chorus of children from the primary grades. The delegates and their reports were as follows: The Highland School association of Rockford and the North Study club of Rockford, reported by Mrs. Kerens; the Benton Parents' club of Gainesburg, reported by Mrs. H. V. Neal; the Louise Chapman Parent-Teacher club of Chicago, by Mrs. G. V. Crosby; the Charleston East State Mothers' club, by Mrs. A. C. Sellers; the Englewood High School Parent-Teacher association of Chicago, by Mrs. Orville T. Bright; the West Side Mothers' club of Charleston, by Mrs. G. J. Moses; the Julia Ward Howe Parents club of Chicago, by Mrs. Honaker; the South School association of Mattoon, by Miss Julia K. Somerline; the Austin High School Parent-Teacher association of Chicago, by Mrs. James C. Costello.

Mrs. Witham's report on education was excellently received. She remarked on the need for and awakening in regard to education of the young, remarking especially on the deficiencies in education of defectives and delinquents. Mr. Blair followed with his address on the country schools, the substance of which occur elsewhere in this paper. The close of the morning session was followed by a luncheon at the high school served by the girls of the domestic science department.

Friday Afternoon.

Mrs. Charles W. Blodgett, the presiding officer Friday afternoon called first on Mrs. C. M. Cartwright to give a report on the work of the literature committee. She spoke of the advantages of loan papers, by which parent-teacher organizations everywhere are enabled to avail themselves of the opinions of the most expert educators. Miss Marie Hesse, of the school development committee, said that if teachers may expect the best results from children, housing candidates must be proper. She discussed the work of beautifying school grounds and cities. W. A. Furr, superintendent of the Jacksonville public schools, next addressed the congress. His subject was "Some Phases of Child Development and their significance in the Home and School." Mr. Furr's talk may be read on another page of this issue. Intelligent co-operation of parents and teachers in dealing with the question of moving picture theaters, dancing, tobacco and sex hygiene were brought out in one delegate report. Other topics touched upon at this time were the use of the stereopticon as an educator, supervised children's nature-study clubs, how parents can be an aid to children's athletics and the graphophone as a teacher of taste in music. The evening meal was served by the ladies of Grace church at 6 o'clock.

RESOLUTIONS.

The Executive Board of the congress at a session Friday afternoon adopted the following resolutions:

Vocational Education. Be it resolved that the Illinois congress of mothers approves that standards of education include not only such pre-vocational courses which lead into the many standardized vocational lines of work, but in addition such courses of training as develop the natural aptitudes and powers of womanhood, namely, "the science of homemaking and motherhood." The sciences heretofore mentioned as interpreted by the Illinois Congress of Mothers should place the emphasis in eugenics and eugenics upon the human values as infinitely more important than the scientific ones.

Be it further resolved, that the Illinois Congress of Mothers ask for needed legislation to protect children by prohibiting the boy under 14 and the girl under 16 from partici-

### BAD BREAKING OUT ON CHILD'S SCALP

Little White Lumps, Pimples Would Break and Run Matter. Itching and Burning. Hair Came Out in Bunches. Cuticura Soap and Ointment Cured. Also Made Hair Grow.

813 E. Second St., Muncie, Ind. — "My little girl had a bad breaking out on the scalp. It was little white lumps. The pimples would break out as large as a common pinhead all over her head. She would break and run yellow matter. She suffered nearly a year with itching and burning. It was sore and itched all the time. The matter that ran from her head was very thick. I did not comb her hair very often, her head was too sore to comb it, and when I did comb, it came out in bunches. Some nights her head itched so bad she could not sleep. I tried several different soaps and ointments, also patent medicine, but nothing could I get to stop it. I began using Cuticura Soap and Cuticura Ointment this summer after I sent for the free samples. I used them and they did so much good I bought a cake of Cuticura Soap and some Cuticura Ointment. I washed her head with Cuticura Soap and rubbed the Cuticura Ointment in the scalp every two weeks. A week after I had washed her head three times you could not tell she ever had a breaking out on her head. Cuticura Soap and Ointment also make the hair grow beautifully. I cannot say enough for them for they cured my little girl." (Signed) Mrs. Emma Patterson, Dec. 22, 1911. Cuticura Soap and Cuticura Ointment are sold throughout the world. is the Only Possible Way of Having An Effective Cure.

If you see a woman or a man with luxuriant glossy hair, you may be sure neither has dandruff to amount to anything. In nearly every case where women and men have this brittle hair, they owe it to dandruff. There are hundreds of preparations that "claim" to cure dandruff, but not one but Newbro's Herpicide tells you that dandruff is the result of a germ burrowing into the scalp, and that permanent cure of dandruff and its consequent falling and brittleness, can only be had by killing the germ; and there is no other preparation that will destroy that germ but Newbro's Herpicide. ### STATE CHARITIES COMMISSION GIVES OUT ANNUAL REPORT

Urges Adoption of Modern Idea in Treatment of Nervous and Mental Diseases.

The State Charities Commission has just put out its report for the year 1912, being the third annual report of this body.

It is a condensation of its recommendations made in other publications, a review of its operations during the year and a general discussion of the progress of retrogression noted during the year in public and private institutions and agencies, either public or private. It discusses the modern idea of treatment of mental and nervous diseases and urges its adoption in Illinois. The report notes improvement in the county almshouses and a better sentiment among the people respecting the county jail, but both institutions are very far from a condition that would be at all satisfactory.

The commission recommends state inspection and supervision of hospitals and sanitariums of every character which receive sick for treatment.

It asks the public to take a sympathetic and humane interest in the state charitable institutions and all questions related to them. The report says:

"The insane, feeble-minded, epileptic, defective and delinquent who are in our state institutions need the sympathy and encouragement of the great public. These classes appeal strongly to the humane instincts of every man and woman. The institutions in which they are held as wards of the state today stand on a par with those of New York and Massachusetts, whose standard is considered highest in the country."

"Illinois hospitals and schools and homes are administered by men and women whose whole heart is centered in the performance of their duty. These men and women and the institutions they head are deserving of public support."

"The growing confidence of the public in these institutions is fully justified. With public confidence behind them they can accomplish a hundred fold more and better work. All organizations and movements, therefore, which are formed in the interest of the state wards should be encouraged because we know that they will come into such close contact with the operation of the institutions that they will know the truth about them and be a medium of public enlightenment, both upon the problems they are confronting, the character of the work they are doing and the confidence they are entitled to."

### CLOSED SUCCESSFUL TERM OF SCHOOL

Miss Beattie Hughes of Jacksonville has recently closed an eight months term of school at Sunny Side three miles northeast of Chapin in the Joy Prairie neighborhood. Both teacher and pupils departed with the prospects of meeting again for the term beginning September, 1913. The success of the school was shown by the advancement of the pupils in their various studies and by the increase of teacher's salary for coming year. These being neither absent or tardy during the entire term was Arville Stumborg. Those receiving prizes in B class spelling were as follows: First prize, Orville Stumborg; second prize, Stephen Reid. At the noon hour an elaborate picnic dinner was served on the lawn.

### TRADE MOVEMENTS ARE OF HEAVY VOLUME

PROPOSED TARIFF CHECKS BUYING FOR FUTURE ACCOUNT

Favorable Crop Conditions Bring Marked Increase of Confidence Throughout the West and South—Many Cities Show Gain in Building Activity.

New York, May 9.—Bradstreets tomorrow will say:

Trade movements evidence the existence of some barriers to active progress but the weeks reports, nevertheless indicate that current needs are of heavy volume and that there are more than sufficient to make for a satisfactory, if not indeed active distribution of current account. Consequently jobbers stocks, which, by the way, are by no means large, are being subjected to further inroads and though there is considerable evidence of frequent shopping for small parcels, this tendency is really indicative of a wish to cut cloth only when and as it is needed. On the other hand, buying for future account feels the incubus of prospective tariff regulations and it is over this aspect of affairs that most caution is manifested. Prices for meats, farm and dairy products are lower. Collections may be considered about fair. Money is a little easier; but the banks still are well loaned up. Business failures for the week ending May 8th, were 243, which compares with 260 in the like week of 1912.

Dun's Review of Trade.

New York, May 9.—Dun's review of trade tomorrow will say:

In spite of some curtailment of orders for merchandise affected by pending tariff changes, the unusually favorable crop conditions have suited in a marked increase of confidence throughout the west and south. The passage of the tariff bill by the house of representatives brings the end of this element of uncertainty measurably nearer.

Meanwhile it is a most encouraging fact that reports from 58 cities show a gain in building activity for April of 1 per cent as compared with the same month in 1912. In textile lines, warmer and more settled weather has greatly improved the volume of retail trade, although merchants are still conservative in placing filling-in orders. There is a moderate gain in the shoe trade and as stocks are generally low is easier for salesmen to obtain orders. Railroad earnings in April increased 2.7 per cent over last year. Financial sentiment in the east is less cheerful than mercantile sentiment in the west, but money locally continues easy.

### BANK CLEARINGS.

New York, May 9.—Bradstreets bank clearings report for the week ending May 8th, 1913, shows an aggregate of \$3,471,263,000 as against \$3,095,959,000 last week and \$3,468,353,000 in the corresponding week last year.

Florence Peyton who comes to the Grand Monday

Probably no where in America is there a popular priced attraction of the strength of the "Florence Peyton and her Girls" company which comes to Hunt's Grand Theatre next Monday, Wednesday and Thursday. Miss Peyton is one of the best known and most talented stock leading women on the stage. She was two seasons with Wm. V. Moug, who this year portrayed the role of the dope fiend in William Maguire's Divorce Question. Last summer she was in support of James Durkin and Mary Boland at White City Park, Denver, Colorado.

Mr. Russell Henric, a handsome young leading man was last seen here with Sarah Padden in The Third Degree of which organization he was the stage manager.

Mr. Jerry Driscoll, an old timer or over 40 years experience and for eighteen years a star on both sides of the Atlantic in an act which he will produce here, entitled The Arival of Major McPhoe. DeLacey and Wallace, two young women who have already established themselves as top liners in the largest vaudeville theatres in America. A musical comedy written especially for them entitled "Buster Brown and Mary Jane" is also a feature with this company.

Mr. William LaPoint is a young comedian whose future is assured in his chosen line as his work has all of the finish usually looked for with the \$1.50 attractions.

Miss Louise Bailey, prima donna, was seen here some time ago at the Majestic Theatre where she made a host of friends who will be glad to welcome her with this company.

The chorus is bright and snappy and the costuming neat and appropriate.

Their opening bill, "The Emperor of Japan" is certainly a classic in the tabloid musical comedy line. See them once and you will not miss a performance during their stay of three nights. Each night is a complete change. Prices will remain the same and we guarantee the biggest and best show of its kind to be gotten.

### CHILD DEVELOPMENT IS THEME FOR DISCUSSION

Supt. Furr Made Address Friday Afternoon Before the Mothers Congress.

Friday afternoon the principal address at the Congress of Mothers was given by W. A. Furr, supt. of the Jacksonville schools. Mr. Furr's subject was "Some Phases of Child Development and their Significance in the Home and School." Mr. Furr's remarks were summarized as follows:

Supt. Furr's Address.

Superintendent Furr divided the child's life into general cycles, treating it along the biological and psychological lines. The first years were from one till three, which was distinctive from the ages between three and six. The child is an entirely different being at different levels of his growth. "What difference does this distinction make to the parent and teacher?" asked the speaker, which formed the keynote of his most able and highly instructive address. This cycle is not arbitrarily but relatively marked. Under the transition period the physical attributes were considered and second the relation to the rapid growth. It was a period when fatigue came easy and the body was subject to all sorts of disease. As to mental attributes, the child was not moral or immoral but unmoral.

The formative period including the ages from 9-12, taking in the fourth, fifth and sixth grades of school. Under the head of physical attributes Mr. Furr treated the following subjects: (1) Relation to slow growth; (2) energy constantly overflowing; (3) internal changes in brain organization; (4) the habit forming period; (5) time for piano drill, and grasping of foreign languages; (6) child not susceptible to disease or fatigue. Under the head of mental attributes Mr. Furr showed at this period the child's source of knowledge was objective rather than subjective. It was also the stage when the memory was at its very best, also the capacity for logical reasoning passes gradually from the nascent condition until the period of adolescence. It was also the time to develop moral habits.

Mr. Furr divided the years from 12 to 18 as those of the adolescence period. This was the time when great physical changes took place, when nervous disintegration, fatigue, anæmia, adult diseases and social disintegration held sway. The muscles grow faster than bone, hence awkwardness. There was big growth in the heart, blood pressure greater, lungs and chest also developed fast. There was increased vitality, yet it was followed by loss due to tremendous changes. Under these rapid changes, of nervousness, sleepiness, periodical laziness, teachers and parents should thoroughly understand and tolerate these changes.

Mr. Furr went into detail in summing up the mental attributes of the adolescence period. He said that at this period the boy or girl was given over to emotional instability, moody with impulses changing. There was a tendency to reverie, self-consciousness, self-asserting and dreams of greatness. There was a great tendency to imitate and the idea of hero worship was strong. Mr. Furr also stated that this was the time in life when parents and teachers should look to the religious sides of the boy and girl as this factor in these years was the strongest.

At this period the student was also subject to the stings of ridicule, sarcasm and other insinuations. Also possessed a keen sense of humor, great confidence in self more than in his parents. Enthusiastic over small things, liking the new and strong. It was in this period that the student became interested in nature and the practical things;

interpreted all life from his own relationship to it; genuine historic interest with strong tendency toward that which is dramatic; interested in many things; demanding a square deal.

### How She Cured Her Husband

"For five years my husband suffered with his stomach. The medicine he took only gave relief for a while, nothing cured, writes Mrs. Sarah Baker of Nottingham, Mo. 'Our merchant bought some of Chamberlain's medicine last fall and also received some free trial samples of Chamberlain's Stomach and Liver Tablets. He gave us some of them and I wanted my husband to try them. He said it would do no good. His stomach had been troubling him worse than ever. At last on Friday I told him if he would not take those tablets I was going to send for a doctor, and he said he would take them. By Monday he was like another man. The blues were gone, no more trouble with his stomach, and the best part is that the trouble has not returned.' I cannot praise Chamberlain's Tablets too highly."

he would take them. By Monday he was like another man. The blues were gone, no more trouble with his stomach, and the best part is that the trouble has not returned. I cannot praise Chamberlain's Tablets too highly."

### Speed Kings and Demons of the Air Getting Ready for the Big Meet.

Interest in the big automobile, motorcycle and aeroplane meet is growing keener every day. The daring birdmen as well as the noted automobile drivers and their machines will arrive in town soon and immediately on their arrival will begin to practice on the local speedway.

The track has been put in first class condition and some record-breaking time will be made during the local meet. Jimmie Ward, the intrepid birdman, will arrive with his shooting star, as he calls his Curtiss bi-plane, on Monday and begin to assemble his huge craft and get it in readiness for the two day's meeting which opens next Wednesday and Thursday at the Jacksonville Trotting park.

Ward is the best known aviator in this country today. He is the only birdman that flies in a range higher than a cyclone, so that the people that come to see this tremendous exhibition will not be disappointed. The management announces this meeting will not be a cut and dried affair, but will be one of the most novel and thrilling exhibitions of speed and daring ever witnessed in this vicinity. To see Jimmie Ward pilot his frail craft into the blue sky and to see the dipping, making the figure 8, sharp shooting and bomb dropping from an aeroplane while in flight is alone worth the price of admission.

In addition to spectacular aerial exhibition there will be exciting automobile and motorcycle races, the

like never yet was seen in this vicinity. Some of the fastest cars in the country driven by men of international reputation that have made motor races famous will speed around the local track at rate of seventy miles an hour. The motorcycle riders that have thrilled the immense crowd at the Chicago Motor Dome last summer have entered in the motorcycle racing events, and their part of the program will be as interesting as the balance of the performance. Another feature introduced by the management will be the 'aerial mail carrying' event. A sub-station will be erected on the ground and all people wishing to send letters or postal cards to their friends through aerial mail may do so. The mail will be taken up daily by Jimmie Ward and will be dropped at the nearest sub-station from where it will be forwarded all over the country. The mail will be collected on the ground at 3 o'clock each day of the performance. Another feature will be that of a match race between a man, horse, bicycle, motorcycle, automobile and aeroplane. The company that is staging the performance carried out the program as advertised last year and will undoubtedly do the same thing this year, and the people will turn out to see this tremendous production will be well entertained. Owing to the large number of events the program will start at 2:30 p. m. sharp and like a three ring circus, there will be something doing every minute.

## THE WORLD'S LATEST FINANCIAL AND MARKET NEWS

### LITTLE TRADING DONE IN STOCK MARKET

IN ONE HOUR ONLY 8,000 SHARES WERE TRADED IN

Movement Served Merely To Emphasize the Lack of Demand For Securities and Reluctance of Traders To Take Definite Stand at This Time.

(By Associated Press)  
New York, May 9.—After a slight depression in the early trading, followed by an upturn which put the farm stocks and a few others a point above yesterday's close, the market came almost to a halt today. In one hour only 8,000 shares were traded in. The movement as a whole was without importance and served merely to emphasize the lack of demand for securities and the reluctance of traders to take a definite position in the market at this time.

The fall in the market to respond to yesterday's brilliant crop report encouraged bear leaders to put out new lines at the outset, but they were unable to bring out long stock and quick-floated positions. The market, with which the market rallied indicated a strong undertone, but this apparently was due to nothing more than a sold-out condition.

The prevailing spirit of conservatism found further justification in the news of the day. The emphatic vote by which the tariff bill passed the house, and the situation arising from California's stand on the Japanese question were other influences which played their part in restricting speculative activity.

There was some further pressure against standard investment shares such as proved an unsettling feature of recent trading. New York Central, Pennsylvania, Delaware and Hudson and American telephone were among the investment stocks which touched new low prices for the year. Rumored preferred broke nearly 4 points on the announcement that action regarding the dividend would be postponed.

Known movements of current for the week indicated that the gain in cash from the interior had more than offset the loss due to gold exports. A gain in the week of about \$3,000,000 was forecasted.

### Men Welcome Mother's Friend

A Duty that Every Man Ows to Those who Perpetuate the Race.

It is just as important that men should know of progressive methods in advance of motherhood. The suffering, pain and distress incident to child-bearing can be easily avoided by having at hand a bottle of Mother's Friend.

This is a wonderful, penetrating, external application that relieves all tension upon the muscles and enables them to expand without the painful strain upon the ligaments. Thus there is avoided all those nervous spells: the tendency to nausea or morning sickness is counteracted, and a bright, sunny, happy disposition is preserved that reflects wonderfully upon the character and temperament of the little one soon to open its eyes in bewilderment at the joy of his arrival. You can obtain a bottle of "Mother's Friend" at any drug store at \$1.00, and it will be the best dollar's worth you ever obtained. It preserves the mother's health, enables her to make a quick and complete recovery, and thus with renewed strength she will eagerly devote herself to the care and attention which mean so much to the welfare of the child. Write to the Bradford Regulator Co., 129 Lamar Bldg., Atlanta, Ga., for their valuable and instructive book of guidance for expectant mothers. Get a bottle of Mother's Friend to-day.

There is a wealth of instruction and comfort to be derived in reading this little book. It is plainly written, just what every woman wants to know, and will be a splendid little textbook for guidance, not only for yourself, but will make you helpful to others. And, in the meantime, do not fail to get a bottle of Mother's Friend at the drug store, and thus fortify yourself against any and all pain and discomfort.

## KANSAS WOMAN WHO SUFFERED

From Headache, Backache, Dizziness and Nervousness, Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Lawrence, Kans.—"A year ago I was suffering from a number of ailments. I always had pain and was irregular. During the delay I suffered a great deal with headache, backache, dizziness, nervousness and bloating. I had been married nearly three years. I took Lydia E. Pinkham's Vegetable Compound and now I feel better than I have for years. I recommend Lydia E. Pinkham's Vegetable Compound to all who suffer as I did."—Mrs. M. ZEUNER, 1045 New Jersey Street, Lawrence, Kansas.

Montana Woman's Case. Burns, Mont.—"Lydia E. Pinkham's Vegetable Compound cured me of awful backache which I had suffered with for months. I was so weak I could hardly do my work and my head and eyes ached all the time. Your Compound helped me in many ways and is a great strengthener. I always recommend it to my friends and tell them what a grand medicine it is for women. You may use my name for the good of others."—Mrs. J. O. FRANCIS, Burns, Montana.

The makers of Lydia E. Pinkham's Vegetable Compound have thousands of real letters as those above—they tell the truth, else they could not have been obtained for love or money. This medicine is no stranger—it has stood the test for years.

## COUNTY SCHOOL STANDARDIZATION PROVES BENEFIT TO PUPILS

State Supt. Blair Tells What Plan is Accomplishing in Schools of Illinois.

At the morning session of the Mothers Congress, F. G. Blair, state superintendent of public instruction was the principal speaker. His theme was "The Standardization of Country Schools." He presented the following:

To assist in the improvement of the one-room country schools and the graded schools doing less than four years of high school work the general assembly has provided two men in office of superintendent of public instruction to devote all their time to assisting the school officers and teachers of the state by visitation and counsel.

The supervisors of country and village schools upon invitation of the county superintendent, will visit a county spending two or three days inspecting schools in all parts of the county. The directors will be invited to be present. The grounds, house, furnishings, heating, ventilation, library, water supply, out-houses, qualifications of the teacher, teaching and conduct of the school will be inspected and when the essentials of a good school are found present, a diploma will be granted designating it as a standard school. A plate bearing the words "Standard School" or "Superior School" will be placed above the door. The diploma and plate will be subject to recall if the school fails to keep up to the standard. It will be the policy, not simply to find fault, but to assist in finding out what the schools really need and to encourage improvement.

When the school is lacking in anything, the deficiency will be pointed out and when made satisfactory, the diploma will be granted. Eleven hundred schools have been standardized. Not more than one-fifth of these were up to standard when inspected. Four-fifths of them were brought up after inspection by the State Supervisor and the county superintendent.

"It has been found that even the good schools—those taught by good teachers—lack comfortable and sanitary conditions. The worst lack being an active interest on the part of school officers and people in making their schools better than they are. They seem to think they are good enough and let it rest at that. The greatest benefit that has come to the standardized schools is the awakened interest on the part of the people and the consequent effort to have the best school. They are not satisfied with just the essentials. They wish to secure all the things which are necessary to make their school the very best. The best teachers available have been employed and when they are offered places in town, wages have been raised to the point which keeps the good teachers in the country.

The requirements for a standards school are:

**Yards and Outbuildings.**  
Ample play ground.  
Good approaches to the house.  
Two well kept, widely separated out-houses.

**Convenient fuel houses.**

**The School House.**  
House well built, in good repair and painted.

**Good foundation.**

**Well lighted.**

**Attractive interior decorations.**

**Good blackboards, some suitable for small children.**

**Heated with jacketed stove in corner, or a room heater and ventilator in corner, or basement furnace which brings clean air in through the furnace and removes foul air from the room.**

**Floor and interior clean and tidy.**

**Furnishings and Supplies.**  
Desks suitable for children of all ages, properly placed.

**Good teacher's desk.**

**Good book case.**

**A good collection of juvenile books suitable as aids to school work as well as general reading. Pupils Reading Circle organized.**

**Set of good maps, a globe, dictionaries, sanitary water supply.**

**The Organization.**  
School well organized.

**Classification and daily register well kept.**

**Definite program of study.**

**Program of recitation.**

**Attendance regular.**

**At least seven months school.**

**Discipline good.**

**The Teacher.**  
Education: The equivalent of a high school course.

**Must receive at least \$260 per annum.**

**Ranked by the county superintendent as a good or superior teacher.**

**Must read Teachers' Reading Circle books and attend institutes and meetings.**

**Superior One Room Schools.**

"Many school officers have expressed themselves in favor of having not only the essentials of good school, they want their school to be as nearly as it can be made. To encourage this laudable desire a diploma will now be offered to a Superior One-room School.

A standard school is one which has all that a school must have to be a good school. A superior school is one which has everything which a school should have to make it the best school.

The awarding of this diploma should be made to serve the school interest of the surrounding territory. It is suggested that all the schools, the school directors and the people within reach of the school be invited to be present, that a suitable program be provided to entertain the visitors. If desired, the Superintendent of Public Instruction will be present and award the diploma. Such an occasion should result in several standard and superior schools in the vicinity.

Standard schools which have all the requirements specified in the following will be awarded a Superior One-room School Diploma.

**Grounds.**

1. Play grounds at least one-half acre and kept in good condition.

2. Level covered with good sod. Some trees and shrubs.

Well or cistern and sanitary drinking appliances.

Two out-houses widely separated and well kept.

Good convenient fuel house.

House.

Ample school room.

Separate cloak room for boys and girls.

Outside painted, in good repair.

Inside walls properly tinted and clean.

Lighted from one side or from one side and rear.

Adjustable windows fitted with good shades.

Floor good and clean.

Heated with basement or room furnace which brings in the pure and removes the foul air.

Sufficient blackboards, some within reach of little children.

Deks of No. 6, 5, 4, 3, 2, placed each size in a row properly spaced.

Furnishings and Supplies.

A good teacher's desk.

Two chairs.

A good bookcase.

At least eighty library books, ten suitable for each grade.

O good school encyclopedia.

Three dictionaries suitable for high school, grammar and intermediate grades.

Writing and examination supplies.

Two good wall pictures.

A good globe.

A set of measures and scales.

A thermometer.

All school books for teachers use. Crayon, erasers, pointer, coal hod, shovel, porker, broom, floor brush and sweeping preparation.

Wash basin, mirror, paper towels.

Combination daily and classification register, schedule of school property, including list of library and text books, monthly report cards.

**Organization.**

School classified and recorded in register.

Program of study and recitation.

Formal tests given, papers on file.

Certificates of membership and records of reading in Illinois Pupils' Reading Circle.

Provision for instruction in elements of agriculture, manual training, domestic arts. Agriculture and nature study note books on file.

**The Teacher.**

A high school graduate and some training at a Normal school.

Holds first grade certificate.

Salary at least \$480 per annum.

Reads Teachers' Reading Circle books.

Attends county institute and teachers' meetings.

Makes all records and reports required by the county superintendent.

Ranked by the county superintendent as a superior teacher.

**Standard of Work.**

The work outlined by the State Course of Study must be well done.

The discipline must make good school work possible and tend to establish sound character.

Among suggestion made by the speaker were the following: "The average one room country school needs first of all better seating arrangements. Too often the small seats are all arranged in front while it would be better to have the seats arranged in rows. The ventilation

of most one room school buildings in bad and the old stove is in the center of the room. A jacketed stove is an improvement if a furnace cannot be secured. A very important factor is the water supply and it is possible to now have installed at slight cost a drinking fountain. Then books are needed. Enrich the school life of the children of the country and they will want to stay on the farms. But most of all good teachers are needed. It often happens that a city bred girl without knowledge of country life brings to a country community just that spirit and inspiration which is needed.

## WHY WOMEN SUFFER

Many Jacksonville Women are Learning the Cause.

Women often suffer, not knowing the cause.

Backache, headache, dizziness, nervousness.

Irregular urinary passages, weakness, languor.

Each a torture of itself.

Together hint at weakened kidneys.

Strike at the root—get to the cause.

No other remedy more highly endorsed than Doan's Kidney Pills.

Recommended by thousands—Endorsed at home.

Here's convincing testimony from a Jacksonville citizen:

Mrs. Mabel Hiles, 471 South East St., Jacksonville, Ill., says: "We used Doan's Pills in our family with excellent results and they did good work. They quickly brought relief from backache and other symptoms of kidney trouble."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

**CURIOS FROM AFRICA.**

Miss Deane Obermeyer of North Church street has received from a friend who is on a tour around the world a package of curios which were picked up in various places recently visited in Africa from where the package arrived one day this week. Quite a number of articles will be in the window of the Obermeyer & Sons book and drug store today and will not doubt attract the attention of the many passers by at that busy corner.

**This Interests Every Woman.**

A family doctor said recently that women come to him thinking that they have female trouble, but when he treats them for their kidneys and bladder, they soon recover. This is worth knowing, and also that Foley Kidney Pills are the best and safest medicine at such times. You cannot get better purer medicine for backache, weary dragged out feeling, aching joints, irregular kidney and bladder action and nervousness due to kidney troubles. Try them. They are tonic in action, quick in results. For sale by City Drug Store, J. A. Obermeyer.

## WHAT IS THE YOUNG MEN'S CHRISTIAN ASSOCIATION?

An Opportunity.

It is a high-grade, low-cost young men's club—Christian but not sectarian.

It is an athletic organization that does not use men to promote athletics, but uses athletics to develop men.

It is a night school for young men who work by day.

It is a home for young men away from home.

It helps young men not only to help themselves, but to help the other fellow.

It is a place for a young man to find friends and to make himself a friend to the man that needs friends.

It has no creed, but is controlled by representatives of churches. This keeps it a Christian organization, but prevents it from becoming another church.

It has united in its management members of those churches which, though differing in creed, have found by experience that they can join without controversy or friction in doing religious work. This enables it to teach the Bible and to make practical use of Christian forces in helping young men.

Its fellowship, clubrooms, gymnasium, baths, classes and all other practical advantages are open to all young men, of all faiths or of no faith.

It is not an experiment, but is the survivor of many experiments. While other young men's organizations, social, athletic, educational, ethical and even religious, have failed, this has succeeded and is now in successful operation in over eight thousand places in North America and throughout the world.

**CLEAN UP.**

Everybody cleans house in the spring. Why not clean up the yards and the alleys adjacent to your property. Jacksonville will have several conventions here within the next few weeks. The city is doing its part in the work of cleaning up. Why not help us. Every city in the state at the present time has a house cleaning week. Jacksonville should have one. Therefore set aside the week of May 5 for a general house cleaning and would ask all citizens to take part in it and make it a success. The department of streets and public improvements will furnish teams to haul away your refuse if it is placed in a convenient place and a notification sent to O. H. Spaulding, superintendent of streets.

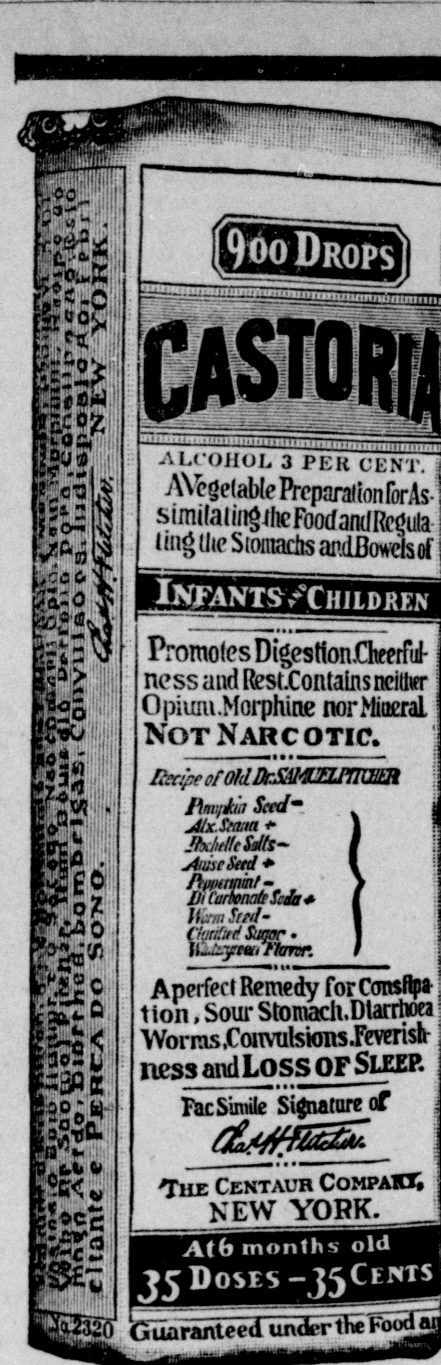

George W. Davis, Mayor.

## That Wonderful Event

IF THERE is a time above all times when a woman should be in perfect physical condition it is the time previous to the coming of her babe.

During this period many women suffer from headache, sleeplessness, pains of various description, poor appetite, and a host of other ailments which should be eliminated in justice to the new life about to be ushered into this world.

**DR. PIERCE'S FAVORITE PRESCRIPTION**

is a scientific medicine carefully compounded by an experienced and skilled physician, and adapted to the needs and requirements of woman's delicate system. It has been recommended for over forty years as a remedy for those regular ailments which make their appearance during "the expectant" period. Motherhood is made easier by its use. Thousands of women have been benefited by this great medicine.

Your druggist can supply you in liquid or tablet form, or you can send 50 one-cent stamps for a trial box of Dr. Pierce's Favorite Prescription Tablets, to Dr. Pierce, at Invalids' Hotel and Surgical Institute, Buffalo.

## MORTUARY

**Muslemann.**  
Mrs. William Muslemann, aged 46 years, died at the Jacksonville State hospital Thursday night at 11 o'clock, where she had been a patient for the past two weeks. Death was attributed to pneumonia.

Mrs. Muslemann was a resident of Argenta, Lincoln county, and is survived by her husband, two daughters and four sons. Mr. Muslemann and J. A. Eymann, an undertaker from Argenta, came to the city Friday to take the remains to that place. They were removed to the Reynolds undertaking establishment and taken to Argenta Friday evening at 8:23 o'clock via the Wabash. Funeral services will be held Sunday afternoon in charge of Rev. Mr. Kessinger, pastor of the United Brethren church.

**Deatherage.**  
Friend in the city have received word of the death of Ernest Deatherage of Kansas City, Mo., who died May 8. (Thursday). He was the son of Mr. and Mrs. William Deatherage of Waverly and was born in Morgan county. He married Miss Clara Dawson, who at one time resided in Jacksonville. He was 40 years of age and was a telegraph operator by occupation. He also taught telegraphy in a night school. He is survived by his wife and uncle, James Deatherage of Waverly, and an aunt Mrs. Frances Dennis of Waverly.

The remains arrived in Jacksonville this morning over the Wabash and were met by James Deatherage who will accompany them to Waverly where funeral services will be held and a burial will be made. Mrs. Deatherage came with the remains.

"MOTHERS" DAY WILL  
BE OBSERVED SUNDAY

Ministers of Illinois Have Been Asked to Observe Day With Appropriate Exercises—Men Will Wear Flowers.

Tomorrow (Sunday) will be Mothers' Day in Illinois, according to a custom which was started only a short time ago. The day has been set apart this year, through a proclamation of Governor Dunne. In the past it has been the custom of men of the state to wear flowers on that day, the mother's choice usually governing the taste of the son.

All of the ministers of Illinois have been asked to join in a movement and a special tribute to be paid to motherhood from every pulpit of the state. It is also planned that every boy do something that will make the heart of his mother rejoice, either by a kind act or by writing her a letter. If the parent is dead, the flower will still be worn in honor of her precious memory.

Rev. William Bartlett Millard, executive secretary of the Chicago Church Federation council, who asks the cooperation of the ministers in observing the day, says: "Mothers' Day is rapidly becoming one of the most honored days in the ecclesiastic calendar. While it is always in order on this day to give utterance to the highest tribute of motherhood that a grateful heart can frame, a call has been issued by the Illinois commission on marriage and divorce for an observation of the day, which will be of the most practical value."

A number of the ministers of Jacksonville are planning to have special services at either the morning or evening worship and in other ways the day is to be kept.

## AFTER MANY YEARS.

Edward Gallagher has returned to his home in Woodson after a pleasant visit at the home of his son, Dr. Edward Gallagher, Jr., of West Mineral, Kan. Coach Harmon will take his Illinois college ball team to Peoria today, weather permitting, where they will play Bradley Polytechnic. In the former game between the two schools, Illinois was defeated 11 to 8. The game which was scheduled to take place here yesterday against Lombard had to be called off on account of the rainy weather. A telegram was sent to the Lombard manager before they left for here. Coach Harmon will take up the same line-up as was announced against Lombard, with the exception of Apple, whose place will be filled by Pierce.

## WOMAN'S RELIEF CORPS.

The regular fortnightly meeting of Relief Corps No. 109 was held Friday afternoon in their rooms on West Morgan street and considering the disagreeable weather conditions a goodly number of members were present. A new order has recently been formulated from the head office of the organization whereby members of the Grand Army of the Republic may visit the meetings of the Corps and in appreciation of the favor a committee from Matt Stern post No. 378 consisting of Comrades C. E. McDougall, C. R. Taylor and H. S. Stevenson were present to thank the ladies of the corps for the favor granted. Remarks were made by Major McDougall, as chairman of the committee.

This is the last regular meeting of the corps before the annual state convention of the organization which meets in Alton on May 20, 21 and 22. It is the intention of a large number of members of the corps to attend the convention. Mrs. F. C. Taylor is the delegate from the corps to the convention and Mrs. John Taylor is the alternate. As is usual the convention holds its sessions at the same place and on coincident dates as does the G. A. R. association.

Los Angeles, May 9.—A big military bi-plane plunged its nose into a gulley rimming the base of a hill at Olive, 39 miles southeast of here today, turned a somersault against a tree and its radiator, wrenched from the slings above the motor crushed out the life of its pilot, Lieutenant Joseph D. Park, U. S. A.

The accident occurred at 7:46 o'clock, according to the accepted testimony of a little aeroplane clock which was stopped by the shock of the wreck, but otherwise undamaged. This was two hours and 41 minutes after the army officer had started from San Diego on a 145 mile flight to Los Angeles.

Lieutenant Park, who had been detailed recently from the fourteenth cavalry to the army aviation corps, was trying an experimental long distance aerial scouting trip, and had traveled approximately 108 miles when death came to him.

His machine, brought to earth because he had lost his way in the morning mists, merely made a series of short leaps down the clodded slope of the hill when he tried to start again, and in the crash that followed swiftly, the heavy radiator crushed his skull.

Little girls, on their way to the Olive school, a quarter of a mile distance were among the horrified spectators of the tragedy. The lieutenant had but a moment before warned them away from the machine and had laughingly added:

"You might do something to it that would cause me to be killed."

Among the girls was Hazel Greenleaf, aged 15, to whom Park had given a half dollar with instructions to telephone to aviation headquarters in Los Angeles that he had lost his way.

Instead of this message, Miss Greenleaf telephoned to Coroner Winbigler at Santa Ana that he had lost his life.

Let us fit you with that new spring men and boys. Knoles'.

## MATRIMONIAL

**Trumbo-Harrison.**  
Frank Trumbo and Miss Hattie Harrison, both of this city, were married at the home of the bride on South Church street, Friday afternoon at 1 o'clock. The groom is a farmer employed by A. D. Arnold at Arnold.

Yesterday's rain proved to the satisfaction of a number of men who wore rain coats sold by FRANK BYRNS' that the coats turn water.

**THE TEMPERATURES.**  
The temperatures for Friday, according to G. H. Hall, weather observer at Alexander, were: maximum 69, minimum 47. A rainfall of .06 inches was recorded.

Medium weight underwear at Knoles'.

## BISHOP McDOWELL

**WILL PRESIDE**  
It has been officially announced that Bishop McDowell will preside at the next gathering of the Illinois conference which will be held in September in Shelbyville. It is unusual for a bishop to hold two consecutive conferences but this is the case this time with the good bishop whose personal acquaintance in Jacksonville and vicinity is broad.

## THREE DROWN IN RIVER.

Fort Madison, Ia., May 9.—Fred J. Milmeier, James McDonald and Louis Ivan were drowned tonight, when the launch in which they were riding from the city levee to a camp across the river was overturned, this was the second triple drowning this season. Eight others who were in the launch were rescued. All were members of a logging camp.

Milmeier was well known here and was to be married soon.

## THE BIRTH RECORD.

Born Friday to Mr. and Mrs. William Nunes Jr., of East Independence avenue, a son.

Warmer days are coming and you will find the right men's furnishings at Knoles'.

## TEXAS PRODUCTS FOR HAITI.

Galveston, Texas, May 7.—Long standing efforts on the part of the business interests of Texas to divert through the port of Galveston at least a part of the business of the Caribbean were brought a step nearer realization today, when the steamship Vindicator of the United Steamship company cleared from this port for Haiti. The ship is laden with the products of Texas packing houses and outputs of Texas wholesalers. It is the first full cargo in many years that cleared direct for Haiti from Galveston.

## UNIVERSITIES IN BOAT RACE.

Boston, May 9.—Lovers of aquatic sports are looking forward with interest to the big triangular varsity boat race which is to take place here tomorrow over the Charles river course. The contestants will be the varsity eights of Harvard, Pennsylvania and Princeton. As a means to determine the rowing supremacy among the big eastern universities the race is regarded as the leading event of the year, with the single exception of the Poughkeepsie regatta. Each of the three crews is reported in excellent condition and a close and interesting contest is expected to result.

## MAKES FLIGHT IN AEROBOAT.

Washington, May 9.—Lieut. J. H. Towers, head of the navy aviation corps, with Ensign G. De C. Chevalier as a passenger made a continuous flight in an aeroboot from here to Annapolis today over an all water route down the Potomac and up Chesapeake Bay, covering the 169 miles in three hours and five minutes.

### O'HARA SILENT ABOUT AFFIDAVIT AGAINST HIM

A National Sentiment Crystallized.  
TIME TO ANSWER CHARGES IS  
ON WITNESS STAND.

Likes Hand to Hand Conflict Better  
—Suggests Conspiracy to Block  
Vice Committee Work—Dr. Quale  
Special Investigator. Calls Jack-  
sonville a Clean City.

Leutenant Governor O'Hara, who made an address at the closing session of the Illinois Mothers' congress Friday and who proved the stellar attraction of all the sessions, arrived in Jacksonville from Springfield at 5:13 o'clock Friday afternoon. The lieutenant governor was accompanied by Dr. Carl C. Quale of Chicago, a special investigator for the Illinois senate white slave committee. While in Jacksonville he decided to make any comment on the affidavit charging him with improper conduct. They were dinner guests of Judge and Mrs. F. E. Baldwin and returned to Springfield this morning on the 1:48 train.

The lieutenant governor, who has succeeded in attracting more attention within the few months he has been in office than a whole bevy of other lieutenant governors have in a series of years, is just about 32 years old. He is slight of build, below the average height and withal looks as if the strength of mind and will power in him had outweighed the physical. Governor O'Hara has been criticised on account of the course the Illinois senate vice committee and his motives have been questioned in many quarters. However, anyone who meets the young state officer and converses with him cannot but be impressed with his earnestness and sincerity.

**Time to Talk is Later.**  
In an interview with a Journal reporter, he said last night: "No I cannot say that I had planned that the white slave investigation would be so wide in its scope. When the sentiment of nation crystallizes in a reform movement it may be what someone had dreamed or seen in a vision but it could hardly be in accordance with a plan, carefully laid, in the expectation that it will become effective. For the address I am to make tonight I had hoped to have made special preparation but recent rather sensational developments have made it impossible for me to outline an address. While I can with ease establish the record of my whereabouts during the dates alleged in the affidavit directed against me, the events of the past few days have of course meant a severe mental strain."

"The fact that the affidavit has not been made public and has been referred to the committee with instructions that it shall not be made public for the present has made it necessary for me to fight in a way contrary to my usual methods. It would be wholly improper for me to make any extended statement now or to enter my denial and so I cannot fight in the open, hand to hand conflict that I like. The time for me to talk and to strike from the shadows will be when I am called as a witness before the special investigating committee. If a summons is issued for me, I have no desire to dodge and then will be the time to tell my story. Meanwhile we can go on seeking for the conspiracy which has been hatched up to block the investigation and in the end it will be easily ap-

parent, what motives are behind the efforts to hinder or discredit the committee."

"When it came to my knowledge that someone had an alleged affidavit relating to me it was my immediate desire to have the affidavit produced and read in the senate. But later I yielded to the judgment of the senators who maintained that to read the affidavit would establish a bad precedent and would open the way for attacks upon any member of the body. All that some blackmailers would desire would be to have such affidavits read and published in the daily press. The truth or falsity of the subject matter would bother them not at all."

**Must Get Nearer Equality.**  
"The investigation work that our committee has been doing has served to call attention to the feeling which is struggling in the hearts of people for a broader and truer humanity. The time is coming when the truth of our constitutional declaration that men are free and equal must be more nearly realized. No more important step in this direction could be taken than the enactment of a minimum wage law and a second step would be a law regulating profits. The growth of Socialism does not signify the love of men for that party but rather it is the evidence that people are making ready to demand a more equal distribution of the comforts and good things of life."

Leutenant Governor O'Hara is an old young man and there is something about his flashing black eyes and the earnestness of his voice and manner which appeals to those who doubt the wisdom of the course the vice committee is following. After his address last night many in the audience came forward to speak to him and one woman who pressed forward said "Take a good old fashioned Methodist blessing and may God bless you in your work."

**Jacksonville a Clean City.**  
Dr. Carl C. Quale of Chicago, special investigator for the Illinois senate white slave committee, says Jacksonville is one of the cleanest and most moral cities in the whole state of Illinois. Dr. Quale ought to know for as he testifies himself, he has been here twice during recent months conducting a private investigation of vice conditions. Not even the local police knew that Dr. Quale was here although they did know that some sort of an investigation had been going on. This investigator is a man schooled in his work. He knows conditions as they are in the average city. He knows how to get at the real facts in community life and after going up and down the state and visiting scores of cities he says "Jacksonville is one of the cleanest cities in the state of Illinois." The tribute is no doubt a deserved one and certainly it is every citizen of Jacksonville who is contributing in any way toward that reputation has a right to be proud of his "home city."

### LARGE QUANTITY OF LUMBER BURNS.

About 4,500 feet of lumber was burned in the fire on the Laurie farm which was mentioned in Friday's issue of the Journal. The origin of the fire is not definitely known but it is thought that it may have caught from a spark from some burning stumps about fifty yards away. The lumber was owned by T. E. Laurie and had just been sawed for wagon timber by Cook and Preston, who had started to take down the mill. The machinery was not badly damaged and Mr. Laurie estimates his loss at about \$150, which is covered by insurance.

If it were not for the rainy days men would not know that the rain coats sold by FRANK BYRNS are water proof.

### CHICAGO & ALTON ISSUES NEW TIME CARD EFFECTIVE SUNDAY

Passenger Now Going Through This City at 3:33 a. m. Will be Routed Through Springfield—Other Minor Changes.

Traffic officials of the Chicago & Alton Railway company have just issued a new time card which is to become effective Sunday, May 11, and which routes the present Chicago to Kansas City train now running through this city at 3:31 a. m., through Springfield.

For some time there have been rumors circulating through this city to the effect that this train would be routed via the main line through Springfield. It is understood that this train was routed via the main line on account of the fact that the passenger business on this train in and out of this city did an average one passenger a night. The north bound passenger train which goes through this city at 1:58 a. m. will continue to be operated on its present schedule.

Several other minor changes have been made in the local schedule as follows: Northbound train now due here at 5:23 p. m. will be changed to 5:08 p. m.; No. 30, due here from St. Louis at 9:10 p. m. will be five minutes later, arriving here at 9:15 p. m.; northbound train No. 32, due here at 11:15 a. m. will arrive at the same time, but instead of leaving at 12:45 p. m., will leave fifteen minutes earlier, at 12:30 p. m.; southbound passenger No. 32, now due here at 3:35 p. m., will be changed to 3:45 p. m., arriving here ten minutes earlier; northbound passenger due here now at 6:28 a. m. will arrive eight minutes earlier, at 6:20 a. m.; and southbound passenger No. 71, now due here at 10:40 p. m., will be changed to 8:45 p. m.

### "A PIONEER MEDICAL SCHOOL."

"A Pioneer Medical School" is the title of a book just off the press, by Dr. Carl E. Black of this city. It is neatly bound and contains splendid pictures of Beecher hall, Illinois college, taken from Mitchell's geography; Rev. Julian M. Sturtevant, president of the college from 1841 to 1850; Dr. Samuel Adams, professor of chemistry in Illinois college in its medical department, 1843-8; Dr. David Prince, professor of anatomy and surgery in College of Medicine, at 12:30 p. m.; southbound passenger No. 32, now due here at 3:35 p. m., will be changed to 3:45 p. m., arriving here ten minutes earlier; northbound passenger due here now at 6:28 a. m. will arrive eight minutes earlier, at 6:20 a. m.; and southbound passenger No. 71, now due here at 10:40 p. m., will be changed to 8:45 p. m.

### GIVE MEDICINE RUSH.

Mrs. Fletcher Blackburn entertained a company of thirty guests at her home northwest of the city Friday afternoon at a "medicine rush" in honor of Miss May Adams of Waverly, who is to be married May 21 to Herman Brown of Waverly. The entertainment was in keeping with the title of the rush, conundrums being read and for answers the names of local physicians were given. Health hints from the letters of the word medicine were written by the guests and afterward the different bottles of medicine were brought in and a large medicine chest was presented to the bride-to-be. The Blackburn home was very prettily decorated for the occasion in a color scheme of pink and white and the afternoon refreshments in keeping with the color scheme were served.

### EDWARD M'COLLISTER AND CLARENCE DUNCAN ARRESTED

Officer Arenz Takes McColister in C. & A. Yards—Duncan Arrested at Home—Both Charged With Larceny.

Edward McColister was arrested Friday night in freight yards of the Chicago & Alton Railway company and Clarence Duncan was arrested by Captain Tripp and Officer Arenz at his home on West Morton avenue, both on a charge of larceny.

While making his rounds in the Chicago & Alton yards, Officer Arenz saw a man and a boy carrying two burlap sacks which seemed rather heavy and when they had approached to within about ten feet of him the patrolman called to them to halt. The larger of the two immediately dropped the sack which he was carrying and ran swiftly south along the right of way. The officer turned his attention to the other of the two, caught him and brought him and the sacks to the station. The sacks contained a large amount of Kelley-Springfield rubber buggy tire which had been cut into pieces about a yard long.

The boy, who proved to be Edward McColister, verified the officer's suspicions by stating that his companion was Clarence Duncan, colored, of West Morton avenue. Captain Tripp and Officer Arenz went to the Duncan residence, where they found the man, who at the time was in bed. They also found under the house two Gordon automobile tire covers and when asked where he got them, Duncan at first said that he found them near the brook on South Diamond street. He told the officers that he was innocent of the charge of stealing the rubber tires and that he had been away from home only one hour all night, and then he was at the residence of a friend. According to McColister's story given to the police, he has been mixed up with the other prisoner in several escapades and he said that Duncan had stolen five tires from Dr. Stewart and two from Dr. Ames last winter. He said that he had nothing to do with the theft of the articles, only assisting in disposing of them. They will probably be arraigned on the charge this morning.

### WILL CELEBRATE WESTVILLE.

Following the usual rules of succession in office it is already certain that A. L. Somers will be elected great sachem at the convention of Red Men in this city next week. Preparations are now under way to give a big celebration in his honor at his home town of Westville, May 23. It is expected that all of the state officers will attend and that there will be a great gathering together of the braves.

### EXPRESS THEIR APPRECIATION.

The officers of the Jacksonville Parent-Teacher association desire to publicly express their thanks and grateful appreciation to the many citizens and firms who so kindly assisted in raising the dues and officers of the Mothers' congress. Especial thanks are due Superintendent Gillett and Woolston, Commissioner Knollenberg and the Chamber of Commerce, Directors Goodrick, Nichol and Stoughton, Harry Hoffman, Floral Co., Dept. of the Jacksonville Railway and Light Co., Drs. Harker and Rammelkamp for courtesies on their campuses, Illinois Telephone company, Shoppard Plant Co., Mrs. Rammelkamp and Mrs. Leavitt, Snyder and Gates ice companies, to the Journal and Courier, and to all others who helped in any way to entertain the members of the congress.

### TEAM RUNS AWAY.

Friday a team in the junk yard of J. Cohen & Son became frightened and caused what proved to be a lively runaway, although they did not go far. Edward Neal, who resides in the country, and his brother-in-law, drove two teams into yard and while unloading the wagons one of the teams became frightened, whirled around and ran to Lafayette avenue. As soon as they got onto the pavement the horses fell, one of them with its head turned under its shoulder, and the other on top. The horses were soon on their feet, the only damage resulting being a slight cut over one of the animal's eyes.

### AUTO RACER ARRESTED.

Took Off Number After Scaring Horse Which Injured Two Women.

Joliet, Ill., May 9.—Alfred Cantwell, driving an eighty horse power Knox racer, took off his number to avoid detection after he had frightened a horse which dragged Mrs. Frank Moran and Mrs. John Swanson along a country road and severely injured them last night. Cantwell, who was practicing for tomorrow's races here, was going eighty miles an hour. He was identified and arrested today.

### TO FIGHT AGAINST "WHITE PLAGUE"

Sacramento, Cal., May 9.—Three bills appropriating \$27,000 for a campaign against tuberculosis were passed by the assembly today.
